MEMORANDUM

TO: UCAR Members' Representatives
FROM: Harriet B. Crowe
Director, Corporate Affairs
SUBJECT: AMS/UCAR Curricula Document

ABCrowe

Enclosed is the "Curricula in the Atmospheric, Oceanic, and Related Sciences, 1986" published jointly by the American Meteorological Society and UCAR. As is our practice, UCAR is providing one copy to each administrative Member's Representative and three copies to each scientific Member's Representative. The AMS provides one copy to each department head listed in the report. Additional copies are available from the AMS at \$15 per copy, plus \$2 for postage.

The report describes faculty, curricula, and research programs at 90 U.S. and Canadian universities and colleges. Included are reports from 53 of UCAR's 55 Members in 1986; if information about your institution is not included, it's because it was not sent by the relevant department(s) to the AMS in response to their inquiry.

We hope this document will be useful to you; please let me know if you have any comments or suggestions for improvements.
