

**WALTER ORR ROBERTS**  
NATIONAL CENTER FOR ATMOSPHERIC RESEARCH  
BOULDER, COLORADO

20 April 1967

Dear Colleague:

The Trustees of UCAR and I will be very pleased if you can join us and other invited guests at a luncheon at the Harvest House immediately following the dedication exercises on 10 May.

The luncheon is scheduled for 12:30 p. m. After the dedication exercises are over, buses will transport those attending the luncheon to the Harvest House, and bus transportation will also be available to bring you back to the laboratory if you wish.

Because of space limitations we've decided it's not feasible, except in a few special cases among the invited guests, to invite wives (or husbands) to the luncheon.

Will you please let Anne Scott (NCAR laboratory extension 511) know whether or not you can attend?

With best wishes.

Sincerely,

*Walter*
