MEMO TO: Waldo E. Brockway, Daniel F. Rex, Joseph H. Rush,
Edwin L. Wolff

FROM: Robert J. Low

SUBJECT: Public Access to Table Mountain Site

Joe Rush pointed out, when I indicated in the earlier memo that we would deny public access to the Table Mountain site during the construction period, that I probably meant vehicular access and that there is no intention to deny access by foot. (I suppose somebody could still fall in a ditch, but that danger seems relatively insignificant.) Joe, at any rate, is right. I did mean that we should deny vehicular access only.
