

Here is the National Hail Research Experiment report for Wednesday, <sup>Aug</sup> ~~July~~ 7. No hailstorms threatened the ~~protect~~ experimental area on Tuesday. Early this afternoon, a line of thunderstorms extending north to around Scottsbluff, Nebraska, moved into the area, and ~~a hail day was declared~~ hail threatened the experimental area at 2:23 p.m. At 4:00 p.m., all five cloud-seeding aircraft were seeding a large storm centered over the experimental area.

This is Henry Lansford reporting for the National Hail Research Experiment on ~~KGEK and KYOT-FM~~ ~~KFTM~~ ~~KIMB~~ ~~KSID~~.
